

Every year Mission Norman helps those of the community in need by providing Thanksgiving baskets and Christmas gifts during the holiday season. The need increases each year and we estimate serving 750 families this season.

We depend on donations to support this important effort. This year the estimated cost for Thanksgiving will be \$15,000.00. Please help your neighbors by providing their family with a Thanksgiving meal and the children with Christmas presents that they would not have had without your kind donation.

Please make checks payable to:
